

## DIRECTIONS FOR A FLIP BOOK

1. Fold paper in half, then in half again so that you have 4 equal sections.
2. Unfold paper.
3. Hold paper horizontally.
4. On the fold that runs perpendicular to the longer edge, cut until you reach the middle of the paper, then stop. *This is the only cut you will make.*

5. Fold both flaps down in the same direction.
6. Fold the paper in half again so that the 2 flaps are on the inside.

7. You have made a flip book!
8. To make more pages, follow the above directions.
9. Glue the front cover of your new book to the back cover of your first book to make a flip book with more pages. Continue until you have made your desired amount of pages.
